Wacker Neuson extended service protection plan (ESPP)

Protect your investment with the Wacker Neuson Extended Service Protection Plan (ESPP) and gain peace of mind knowing that if a failure should occur, you are covered

What is ESPP?

ESPP is a purchased Extended Service Protection Plan that provides coverage against defects in OEM materials and/or workmanship after the standard base warranty has expired.

Please speak with your Wacker Neuson dealer for program details, equipment eligibility and a list of the exact components covered.

WHY ESPP?

The Wacker Neuson ESPP can help to minimize the unforeseen costs from equipment repairs. For a minimal investment, often less than the cost of one repair, you can protect the machine's major components. For this reason, ESPP provides peace of mind, risk management, and decreased costs.

New Equipment

Coverage for equipment that is still within the standard base warranty.

- Up to 60 total months of coverage, including the standard base warranty
- Up to 5,000 total engine hours
- Coverage options:
 - Powertrain
 - Powertrain + Hydraulics
 - Premier
- Available for purchase any time during the standard base warranty

Used Equipment

Coverage for equipment beyond the base warranty period that is less than 7 years old with less than 5,000 engine hours.

- Provides Day 1 coverage
- Up to 36 additional months of coverage
- Up to 2,000 additional engine hours of coverage
- Coverage options:
 - Powertrain
 - Powertrain + Hydraulics
- Available for purchase at the time of the retail sale

Simplicity

- **Availability:** Wacker Neuson ESPP is available for purchase only through authorized Wacker Neuson dealers in the U.S.
- **Operation:** Coverage is valid on Wacker Neuson equipment operated anywhere within the U.S. and Canada.
- **Transferability:** ESPP remains in force on the covered machine regardless if the machine owner changes, enhancing the equipment resale value.
- **Repairs:** All repair work will be performed by the nearest authorized Wacker Neuson compact equipment dealer; this ensures the use of a genuine OEM replacement parts.
